

How to get my earnings

As you check your earnings on your account thru the week it will show a default percentage of 65% - the base percentage. If you worked shifts that allow you to earn a higher percentage that will be adjusted for after the event (we have to check that you showed up for your shifts). If you did Express Tagging then we will adjust your percentage to reflect the 20% that will go to your tagger once the sale is over.

It take me a day or two to check over all this info I have 150 workers, 30-40 that do express so it takes a bit to check all the numbers and make adjustments. Once I have finished this I will update your seller report and this will reflect the amount of your official check. Usually, Tues morning at the latest you will receive an email with your check – yes that is correct – you can now email checks!!

MAKE SURE THAT YOUR EMAIL ADDRESS IS CORRECT ON YOUR ACCOUNT BEFORE THE FIRAT DAY OF SALE (BEFORE DROP OFF BEGINS)

From the email you will be able to print the check and take it to your bank to be deposited, print your check and do mobile deposit, or (for a fee thru deluxe checks) you can have them do direct deposit for your check.

If for some reason you cannot find your email with the check all you have to do is go to <https://www.deluxe.com/payments/digital/echecks/receive/> and created an account with your tuac email Then the check will be there to download.

It's super fast and easy. If for any reason we have to re-issue a check there will be a \$5 fee and if we have to do a hand written check there is a \$15 fee

We have used e-checks for 3-4 sales now and consignors can get their earnings so much faster now – we were having to send them out the following Friday and wait almost a week!

Thanks for consigning with TUAC!! We appreciate your trust in allowing us to help sell your childrens items! It means so much!
